AWS HACKDAYS ONLINE 2020

BUILD TOMORROW!

aws | POWERED BY agorize

Executive summary

After the success of the 2019 edition, **AWS Hackdays** was back in 2020 with an exciting new challenge! The **AWS Hackdays: Build Tomorrow!** was an online hackathon made for builders who were eager to accelerate South-East Asian digitalization.

This year, candidates took on the challenge to shape the future of South-East Asia's digitalization by bringing new solutions around today's industry challenges from your home: sustainability, learning & development, automation, and security.
